### EXAMINER'S AMENDMENT

In order to correct an obvious informality, pursuant to M.P.E.P. 1302.04, the following change has been made by the Examiner:

In the amended claim 21, line 7, the term "a canister" has been changed to -- the canister --.

### Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not show or suggest the present apparatus and method for mixing and freezing food ingredients, wherein the food ingredients are mixed within a canister by means of a horizontal, elongate spindle and a paddle wheel, the spindle and the paddle wheel being contained within the canister, the paddle wheel traveling back and forth along a closed-loop track in the spindle via a freely rotatable guide skate, and the food ingredients are frozen to a desired degree by cooling the canister holding the food ingredients as set forth in claims 1, 13, 21 and 29.
